

REMARKS

The Examiner highlighted alleged issues with claims 1, 6 and 15. Claims 1 and 15 have been amended (in addition to the Amendment filed December 21, 2006) to recite that "each side barrier and the upper cover sheet define a folded structure of substantially Z-shaped cross section with a fold directed towards the inside of said article." Claim 6 now shows all the deletions struck through and all the additions underlined.

Should any questions arise in connection with this filing, please contact the undersigned at the telephone number provided.
